

## **How to Find and Contact Your Property Tax District Officials**

### **Maricopa County**

- 1) Go to the Treasurer's Parcel Inquiry page:  
<http://treasurer.maricopa.gov/parcelinq.htm>.
- 2) Enter your eight-digit parcel number in the box on the left.
- 3) Click on "Tax Bill" at top left.
- 4) Scroll down until you see the list of Tax Districts for both primary and secondary assessments. Some taxing authorities are in charge of multiple levies (e.g., Phoenix Union high school district has a primary tax levy, an override levy, and two bond levies, A and B).
- 5) Click on the links to the tax district websites to search for the emails and phone numbers of the board members.

(NOTE: the Treasurer has not yet posted the 2007 tax levies, which is where the really big increases are. The differences between the 2006 and 2005 amounts are generally not that large.)
